## WHAT ARE THE RISKS OF INVESTING?

Risk indicator for the Balanced Growth Fund:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [anz.co.nz/OA-riskprofiletool](http://anz.co.nz/OA-riskprofiletool).

Note that even the lowest category does not mean a risk-free investment, and there may be other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years ended 30 September 2024. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

## WHAT FEES ARE INVESTORS CHARGED?

Investors in the Balanced Growth Fund are charged fund charges. In the year to 30 September 2023 these were:

|   | % of net asset value |
|---|----------------------|
| Total fund charges <sup>1</sup>             | 1.03%*               |
| Which are made up of:                       |                      |
| Total management and administration charges | 1.03%                |
| Including:                                  |                      |

|               | Dollar amount per investor |
|---------------|----------------------------|
| Other charges | \$0                        |

\*The manager expects that the fund charges for the next scheme year will be less than the fund charges disclosed in this fund update because the manager's basic fee was reduced to 0.87% effective 1 August 2024.

Investors are not currently charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for more information about Scheme fees.

Small differences in fees and charges can have a big impact on your investment over the long term.
